HUNTER COLLEGE OF THE CITY UNIVERSITY OF NEW YORK
Office of Student Services

CONGRATULATIONS, '86 GRADUATES

ELEGANT COMMENCEMENT PROCEEDINGS HAVE BEEN PLANNED OF WHICH YOU ARE THE MOST IMPORTANT PART. PLEASE FOLLOW DIRECTIONS AS ANNOUNCED BY THE COMMENCEMENT STAFF.

FOR STARTERS:

1. The hood of your academic costume is worn hanging down your back in the same way as any hood is worn. If you are receiving a bachelor's degree, the tassel attached to your mortar board (graduation hat) is worn to your right until the President names your degree, then it is moved to your left. If you are receiving a master's degree, you wear your tassel to the left for the whole time.
2. You have been given an index card by the commencement staff. Please print your name on the card, first name first. Disregard the number printed on the card. If you lose your card, it is imperative that you ask a staff member for a card without a number on which you will print your name.
3. Please line up according to your division. The color of the tassel attached to the divisional signs should correspond to the color of the tassel attached to your mortar board. Please line up in two single lines on either side of the hall behind your divisional sign. Master's candidates are to be in front of the two lines for each division.
4. If you wish to sit with someone, be in front of or behind that person.
5. Each of the two lines will be counted into groups. Please cooperate as the staff does this. It is critical that you stay in your group.
6. At 1:50 PM, the name cards of the first group in each line will be collected and the lines will commence to the lobby. The two lines separate in the lobby to enter the hall. There will be starts and stops as the processional gets under way. Sometimes, one line will seem longer than the other one. Don't let this worry you. Name cards for the following groups will continue to be collected.
7. Upon entering the hall, all graduates will proceed to the stage where their names will be called as they walk across the stage, receive a diploma cover (cover will not contain your diploma), walk down the other side of the stage (hold on to handrails as you leave the stage) and proceed to their seats. Please sit down as soon as you get to your seats. Just follow the directions of the commencement staff all along the way.
8. Please pay attention to speakers on stage. Graduates stand for the National Anthem and men remove their hats. Students stand when they hear their degree announced and remain standing until all degrees in their division have been called. All bachelor's candidates change their tassels from the right to the left side of their hats. Students receiving honors and awards will be asked to stand. Please note that the lists of honors and awards are very preliminary. If you believe that you have attained honors or awards, please stand at the appropriate time. Those in special programs will also be asked to stand.
9. At the end of the proceedings, only the faculty is part of the recessional. Please remain in your seats until after they have left the hall, then you are free to leave.
10. The Women's Room is down the stairs, through the door that faces you and to the right. The Men's Room is down the stairs, through the door that faces you and across the lobby (passing the stairs).
11. You may not leave personal belongings here. Lost items may be picked up in the Lost & Found at the Information Booth, 1st floor, West Bldg., Hunter College.

GOOD LUCK! WE'RE PROUD OF YOU!

THE VOICES OF HUNTER 1986

Hunter College is special because of the people who attend school here. We spoke to some graduating seniors about their experiences at Hunter. This is their voice.

I never went to high school--I stopped school in 6th grade. By the time I was 18, I felt stupid.

I was a terrible student in high school.

I was taking ESL at the International English Language Institute and then I decided to take classes.

I was out of school 13 years and have 2 children. I've had a hard life--I brought up my children alone. The child care program is important.

The hardest part was signing up for the first semester. Then the momentum carried me.

It wasn't easy--it took me over 10 years. This is a great school--the teachers and student body are vibrant. There are all backgrounds.

I thought I was stupid--when I first entered and found I could do it, hey!

I love school but toward the end I was getting tired and the economic situation is tough. My children had to sacrifice too--they didn't have me when they wanted me.

Hunter College is a mix. I like it--it's great, it opens new doors.

You always reach out and they'll help you. You know if you are having a difficult time of it someone will support you.

There is a good range of activities to get involved in.

Older women seem to accomplish more.

I don't know.

It's a great skill. We're great people.

It wasn't worth it.

You study and you get grades and you're out.

It's more than that. You find yourself--ideas.

It was character building.

It was very difficult.

It isn't that it did me any good but it gave me more questions to live my life with.

It's so important because it completely raises your consciousness.

Points you toward the direction you need to go.

We bust our asses doing it.

Philosophy, religion--it all fits together.

You don't know where my head's at right now.

The quest for knowledge is to get grants.

I'll miss being here.

It's terrific being boss.

This is a feeling of profound ecstasy to know I am finishing.

Education is more than learning--it's an enrichment of the spirit and a deep commitment to my fellow human beings.

This is a strange year.

Watch out for the puddles.

Compiled by graduating seniors Doris Bruntel and Cassandra Graham with thanks to all Hunter College students.
