164th Commencement Exercises

THURSDAY, JANUARY 30, 1992
HUNTER COLLEGE ASSEMBLY HALL

Elie Wiesel

Elie Wiesel has worked on behalf of the Jewish people—and oppressed people everywhere—for much of his adult life. His firsthand witnessing of the Holocaust has led him to use his talents as an author and teacher to defend human rights and peace throughout the world. These efforts have earned him the United States Congressional Gold Medal of Achievement and the Medal of Liberty, and, in 1986, the Nobel Prize for Peace.

His more than 30 books have won numerous awards, including the Prix Medicis for *A Beggar in Jerusalem*, the Prix Livre Inter for *The Testament*, and the Grand Prize for Literature from the City of Paris for *The Fifth Son*.

A native of Sighet, Transylvania (Romania), Wiesel, along with his family, was deported by the Nazis to Auschwitz when he was 15 years old. His mother and younger sister died there. Wiesel and his father were later sent to Buchenwald, where his father died before the camp was liberated by the Allies. After the war, Wiesel became a journalist and writer in Paris. His first account of his experience during the Holocaust, *Night*, appeared in 1956.

Three months after receiving the Nobel Peace Prize, Wiesel established The Elie Wiesel Foundation for Humanity. Its mission is to advance the cause of human rights and peace by creating a new forum for the discussion of ethical and moral issues confronting humankind.

Wiesel has taught at The City University of New York and at Yale University. He has been the Andrew W. Mellon Professor in the Humanities at Boston University since 1976.

Academic Heraldry

The caps, gowns, and hoods worn by participants in these exercises are patterned after the attire of monks in the Middle Ages. Those who have earned the bachelor's degree wear a gown with a semistiff yoke, long pleated front, intricate shirring across the shoulders and back and long, pointed sleeves. The holder of the master's degree wears a similar gown, but the sleeve is square and closed at the end with the wearer's forearm coming through a slit near the elbow. Those possessing the doctor's degree wear gowns having broad velvet panels down the front and three velvet bars on the full, round, open sleeves. This velvet trimming may be either black or the color of the field of learning represented by the degree.

The hoods, over the shoulders and down the backs of the faculty, reveal the degrees and institutions of the wearers. The velvet binding or edging is distinctive of the subject to which the degree pertains. The lining of the hood, in silk, gives the color or colors of the institution granting the degree. The shortest hood is the bachelor's; the longest and the broadest is the doctor's; and the master's is midway between these in size. There is much duplication in the colors of the colleges; therefore, they will be left unidentified. However, there is a standard color for the subjects. The most common including those used at Hunter College are:

<i>Arts, Letters, Humanities</i>	White
<i>Business</i>	Sapphire Blue
<i>Education</i>	Light Blue
<i>Engineering</i>	Orange
<i>Health Sciences</i>	Kelly Green
<i>Law</i>	Purple
<i>Medicine</i>	Green
<i>Nursing</i>	Apricot
<i>Pharmacy</i>	Olive
<i>Philosophy</i>	Dark Blue
<i>Sciences & Mathematics</i>	Golden Yellow
<i>Social Sciences</i>	Dark Blue
<i>Social Work</i>	Citron
<i>Theology</i>	Scarlet

The Ceremony

The Mace carried by the Grand Marshall, who leads the Processional and Recessional, was presented to the College by the Alumni Association at the ceremony marking the Centennial of Hunter College in 1970. It is used each year at Commencement and the Honors Convocation.

The walking stick carried by Provost Struminger belonged to Thomas Hunter and bears the following inscription on its gold head: "To Prof. Thomas Hunter, Ph.D.—A former pupil's tribute of respect. 1879."
