ALUMNÆ DAY Wednesday, April 12

The Wednesday before Easter will, as usual, be celebrated as Alumnae Day.

The College will be open to graduates all day, and they will be able to obtain luncheon in the lunch-room during the fourth hour. A program of classes will, as usual, be posted in the Dean's office. All are invited to the Chapel exercises, at 10:30, and the Alumnae-Varsity basketball game, at 3:30.

No further notifications to graduates will be sent out this year.

Helen Gray Cone,
Chairman of Committee on Alumnae Day.

REUNION OF THE PATRIOTIC SERVICE COMMITTEE

On the evening of March 4, at the dinner of this set of comrades whose friendship developed during the two years of strenuous but pleasant work for the soldiers and sailors, Miss McElhinney presided. Mrs. Popper and Professor Cone were her guests. Mrs. Popper, in congratulating the Committee on their accomplishment, suggested that their work should continue in the line of help for the disabled soldier.

Professor Cone read from her poem "Soldiers of the Light."

Miss Huebner paid an affectionate tribute to our lamented associate, the late Mr. S. J. Strauss, whose genial presence and faithful work will never be forgotten.

Miss Hartnett entertained us with songs simply and delightfully rendered.

The Misses Shea and Zimmerman of Hunter College High School added much to the pleasure of the evening by their recitations so naturally and gracefully given.

SCHOOL NATURE LEAGUE

The School Nature League had a very interesting meeting on the evening of March third, at the Museum of Natural History. The speakers of the occasion were Mrs. Northrop, President of the League, Mr. John H. Finley, and Mr. Henry Morgenthau. A good sized audience bore witness to the growing interest in the purpose of the organization, which is to bring knowledge of the country and the shore to the city children, especially to those of the crowded east side sections.

Moving pictures showing very beautifully incidents connected with the changing seasons added greatly to the enjoyment of the meeting, as did also those showing Mrs. Northrop's youthful guests at her farm in the Berkshires.

At the Flower Show the School Nature League had a booth which was a center of such interest to the public that those in charge of it were hardly able to answer the eager questions of the visitors.

The League needs more members to finance its work and more specimens for its rooms: please help in either way or, better still, in both.
