JUBILEE PLANS.

The Hunter Jubilee celebration in February will extend over a period of four days, according to the program the committee is working on. It is planned to make the scope of the celebration so large and to cover so many phases of interest to Hunter people that every one in or out of College will find something of special appeal in one or all of the events scheduled. Dr. Davis and the College staff are working with the Alumnae to make the celebration a success, and we want you to protect the week of the College Birthday from other demands so that you may come on as many days as possible. They will all be different, so you can't afford to miss any. Come one, come all! Come back to school! Make every feature of our Jubilee celebration a success by your attendance and your spontaneous participation in the spirit of our festivities.

Schedule of Events.

Wednesday evening, Feb. 11th.—The celebration will begin with an evening meeting in the College Chapel, open to the public—graduates and friends. No one who is interested in the fifty years of growth of our Alma Mater can afford to miss this.

Thursday, Feb. 12th.—10 A. M. to 5 P. M. Our own "party"—just "the family" invited. Graduates of all years, whether members of the Associate Alumnae or not,—forget your years and your dignity and join in our program of "stunts." There will be some one from your class to give you hearty greeting. Come in the morning and stay all day. There will be an opportunity to procure luncheon, and somethin' doin' every minute! Come back, for auld lang syne.

Friday, Feb. 13th.—10 A. M. Undergraduate Day. The College students will celebrate the Jubilee. There will be a Masque written and produced under the direction of our own Professor Cone! Come and see our younger sisters at play!

Saturday, Feb. 14th.—1 P. M. The Annual Breakfast of the Associate Alumnae on the College Birthday,—this year to be a Jubilee Luncheon, to be held at the Hotel Commodore. Tickets, \$3.50. Please reserve your table or order your tickets early, as with Governor Smith and Mrs. Smith our promised guests and people like Julia Arthur down for greetings, we are prepared to be swamped with applications. First come, first served must be the rule. Remember, the room will hold only one thousand people! So apply

early.

Again I make a last appeal for hints for the Thursday program. Perhaps you know just the thing that will reach the hearts of your group. Our program is elastic. Let me hear from you.

Have I said enough to interest you? Ah, but I haven't told you half the good things and surprises in store. Come and see for yourselves. You'll be sorry all the rest of your lives if you don't—for you'll never live to see another *Hunter Golden Jubilee!* Harriet Webb Moffett, 1903,

Chairman Jubilee Committee.

Mrs. James H. Moffett,

75 Fifth Ave., New Rochelle, N. Y.

HELP TO BUILD ALUMNAE HALL!

Other Colleges, where large fees are required for tuition, ask for thousands, even millions of dollars, as gifts to Alma Mater—and get them!

Hunter College, without money and without price, gives an education that enables any girl to face life "unafraid."

The graduates of Hunter, past, present, and future, need Alumnae Hall—a centre for all graduate activities. Make the sacrifices that will build it—a monument reared in love and loyalty by the girls of New York, in gratitude for the *free education* they have received.

Send the price you would have to pay for even *one term* in any private college, with the proud knowledge that Hunter ranks with any one of them.

Help to build Alumnae Hall!

S. O. S.

Send along your contributions!

Alumnae Hall needs you and YOU need Alumnae Hall!

Checks are to be made payable to Graduate Gift Fund and sent to Mrs. Harry Arnold Day, Hunter College, 68th Street and Park Avenue, New York.

GRADUATE GIFT COMMITTEE.

The Graduate Gift Committee is going ahead with the work it has undertaken, slowly but surely traveling toward its goal. \$150,000 looms in the distance. Bring it nearer, fellow graduates! We cannot build with

Bricks,

Mortar,

Stone

unless you help with

Love,

Generosity,

Sacrifice.

L. P.
