to the Librarian, cataloguing rooms and storage space for new books.

The offices of the Registrar, the Bureau of Educational Guidance and the Education Department are on the fifteenth floor. The President's office is at the southwest corner of this floor, on the 33rd Street side. The office of the Secretary of the College is on the 32nd Street side.

On the section of the sixteenth floor occupied by the college will be the office of the Evening and of Extension Division, a large Chemistry lecture-room, and another lunch room. Classrooms are located on the 33rd Street and Park Avenue sides.

The Chemistry and Biology Departments are centered on the third floor. The Chemistry laboratories on the 33rd Street side and the Biology laboratories on the 32nd Street side were so placed in order that drainage pipes might be brought down through the ceiling of the second floor. At the front of the building are the Physiology and Medical offices. The office and stock-rooms of the Chemistry Department and Physiology and Home Economics classrooms are at the west end of the third floor.

The principal library of the Park Avenue Building, which accommodates 256 students, is on the fifteenth floor, at the 33rd Street side. In the downtown library there will be 30,000 volumes, including 5,000 science books, 12,500 history texts, and 10,000 volumes providing history and English background. The library at 68th Street will be located in the North Gym, and will accommodate 112 students. There will be 25,000 books on display shelves, and 10,000 in stacks. In former locker rooms there will be an office for Miss Plumb, Assistant
