

Hunter College
of the
City of New York

Foreword —

July 1 through August 7, 1940
Hunter College of the City of New
York had one of its staff members
serve as hostess at the World's Fair
Board of Higher Education Exhibit.
Under her supervision students, who
had volunteered, served as hostesses
and gave assistance compiling the re-
port which is submitted.

The cooperation of the atten-
dants and of the electricians was
greatly appreciated. The Hunter
College staff member wishes to ex-
press her thanks to Miss Aline Meyer,
Mimeograph Office - Bronx Buildings,
for the use of her picture album of
the Bronx campus. Thanks is also due
the many students who reported each
day during the month of July and the
first week of August.

The Spiral

In one corner of the Board of Higher Education exhibit there was a spiral on which 19 wooden manikins were supposed to have been displayed. Each manikin was to have represented a vocation, such as that of art, science, etc. Unfortunately, the manikins were removed in one way or another; the spiral, therefore was most ineffective.

2. Proceed to New York City building - near the Perisphere and Trylon.
3. Use main entrance to building - faces Perisphere, report to desk at the end of the aisle directly ahead from entrance.
